

Working in Schools

The England and Wales Cricket Board (ECB) as part of its National Strategy is committed to the development of cricket and learners in schools.

By working with National Bodies and Educationalists, the ECB have produced a series of high quality resources linked to the delivery of the striking and fielding activities requirement of the National Curriculum.

These resources have included the development of Inter Cricket equipment and the HOWZAT 2nd Innings resource pack. Within this development the ECB has consistently reinforced the community partnership and inclusive message, ensuring all young people have opportunity to gain access to the game of cricket and are engaged according to their learning needs. Risk assessment and child protection policies and publications emphasise this importance placed on individual care.
